### **Salvador Simó - Director at Tikis and Mikis**

I had the chance to work with Raul in the Tikis and Mikis project and he gave a great value to the project. Working with him is very easy and he is always adding value and ideas to his animation what always is a plus.

As a professional he is great but as a person he is even greater, he works wonderful in a team work environment and always make everything easy for everyone, a beautiful person. Was a great pleasure working with him and I look forward to have the chance to do it again.

Thanks a lot Raul

He tenido el placer de estudiar y trabajar con Raúl durante los últimos 2 años y además de ser un compañero fenomenal es un animador muy trabajador, con gran capacidad para solucionar problemas, muchas ganas de seguir aprendiendo y una magnífica actitud para trabajar en equipo.
